

ACTIVITY: Learning a New Dialect

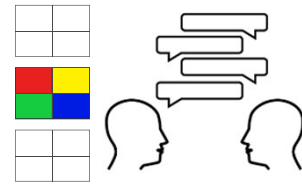

Choose ONE communication style you would like to better understand and communicate with more effectively. Interview **THREE** individuals with that communication style and get additional information using the process below:

Using the *Working with Me* template, interview them by asking them the questions on the page.

- Take notes, asking questions for curiosity and clarity.
- Unless asked, do not share your expertise/information about their Personalysis Profile
- Thank them for their suggestions
- BONUS: ask for their help as you learn by:
 - Having a follow-up conversation to check-in/get feedback
 - Letting you know when they see you practicing and share specifics about what you did that:
 - was effective/that worked/where you made progress
 - didn't work and offer suggestions about what you might have said or done to be more effective.
